# PLANNING TO SELL A HOMEOWNER'S CHECKLIST TO PREPARE YOUR HOME.

So you're planning to sell your home. You and your real estate broker have decided on a price, based on current market values, but your home may sell faster and bring a higher price if it shows well. Potential buyers will get the best impression if your home is clean, neat, uncluttered, in good repair, light, airy, fragrant, and quiet. This checklist will help you get your home ready to show.

# CLEAN EVERYTHING

Cleanliness signals to a buyer that the home has been well cared for and is most likely in good repair. A messy or dirty home will cause prospective buyers to notice every flaw.

#### LET FRESH AIR IN

Get rid of odors that may be unfamiliar or unpleasant. People are most often offended by odors from tobacco, pets, cooking, and musty or sour laundry. Fresh flowers and potpourri can be used to your

advantage. Other smells that attract positive attention include fresh baked bread and cinnamon.

UNCLUTTER YOUR HOME BEFORE YOU SHOW IT Have a garage sale. Empty closets. Throw away what you can't sell. The less "stuff" in and around a home, the roomier it will seem

# FIX ANYTHING THAT IS BROKEN

This includes plumbing, electrical systems, switches, windows, TV antennas, screens, doors, and fences; if it can't be fixed, replace it or get rid of it (no window screens are better than broken ones).

A buyer will make a much lower offer if your house is in disrepair and will probably still insist that everything be fixed before taking occupancy. You're better off if you leave potential buyers no reason to offer less than you are asking.

#### LET THE LIGHT IN

Raise the shades. Open the blinds. Pull back the curtains. Put brighter bulbs in all the lamps (but not bright enough to cause a glare). Bright, open rooms feel larger and more inviting. Dark rooms feel small and gloomy.

## PAINT

There's nothing that improves the value of a home for a lower cost than a fresh coat of paint. And it's so often easier to paint a room than it is to scrub it. Stick with neutral colors - off-white is the safest. Be sure to avoid black, violet, and pink.

#### SEND PETS AWAY

Send them away or secure them away from the house when prospective buyers are coming. You never know if people will be annoyed or intimidated by your pets or even allergic to them. And you never want a prospective buyer to have to avoid animal droppings.

### **KEEP NOISE DOWN**

Silence is a restful sound that offends no one. Turn off the TV and radio. Soft instrumental music is fine but avoid vocals. If necessary, close the windows to eliminate any street noise.

#### FIX SQUEAKY FLOORBOARDS

Don't run any noisy equipment like a vacuum cleaner or table saw while people are looking at your home, and if possible, ask your neighbors to avoid irksome noises.

# SEND THE KIDS TO GRANDMA'S

Send them to Grandma's or take them on a walk around the block. Children can be noisy and distracting to someone interested in looking at a home.

	Remove any stored items

- ✓ Make sure the temperature in your home is comfortable – keep it cooler in the summer and warmer in the winter. If it's cooler outside and you have a fireplace, a nice fire will make your home seem cozy and inviting.
- Provide an exhaustive written list of the features of your home.
- ✓ Know the distance to schools and shopping centers.
- Refer any prospect that calls or comes by to your broker for pre-screening and pre-qualification as well as for your own safety.
- ✓ Tell your real estate agent all about the home-good and bad. Let the professional decide how to handle negatives and features or highlight the positives.
